

COAST ATTENDANCE AT LEAGUE GAMES

(By Associated Press)
SAN FRANCISCO, Cal., May 1.

The outstanding feature of the Pacific Coast baseball league season thus far has been the remarkable attendance at the games. In this the coast league has set a mark at which the major organizations can shoot. It has not been infrequent to find week day crowds that compared favorably with the Sunday and holiday crowds of war days.

In ratio of population, the attendance figures show that Sacramento has been one of the best cities on the circuit with respect to the size of the crowds which have attended the games. San Francisco's official figures also show an encouraging increase in numbers, and the same conditions obtain in practically every city on the circuit where games have been played.

It has been remarked both by the crowd and the sporting writers that the increased interest in the games has infected the players as well as the spectators. A snap and vim is being shown by the players which was lacking last season and this is ascribed largely to the influence of the large crowds. Accounts of the games show that a large proportion of them have been good, lively contests.

As yet the teams have not shaken down to the form and places in which pre-season opinion placed them. Portland which has been rated as a first division team, has

not shown the predicted form, while Salt Lake has been a surprise thus far to the majority of the early season prognosticators.

RACING CIRCUIT IN THE ROCKIES

(By Associated Press)
TRINIDAD, Colo., May 1.

The organization of the Colorado-New Mexico racing circuit made up of representatives of Pueblo, Trinidad, Rocky Ford and Raton, N. M., was perfected at a meeting which was held at Raton. The organization of this circuit has been attempted several times during the last few seasons but each time the sponsors of the organization were unable to secure concessions to make meets such as the organization plans a success.

The association was formed for the purpose of providing racing programs at a series of fairs to be held during August and September. The program is outlined provides for a number of running events with purses of \$150 to be offered for the three quarter and mile events. The racing rules formulated by the Colorado racing commission were adopted to govern all races staged by the organization.

OPENING CAFES IN GAYEST PARIS

(Correspondence Associated Press)

PARIS, April 29.—This has been a red letter day for the ordinary work-day Parisian. Beginning today the cafes are permitted to remain open an hour later in the evening, until 10:30. Music again is allowed and the popular restaurants served "national" dishes at prices reduced by 30 per cent in consequence of the action of the food ministry which has placed frozen meat and certain classes of vegetables on the market at moderate prices.

The cheaper meats proved so popular that most of the restaurants were sold out at noon, and crowds of workers who had been eagerly looking forward to some relief from the burden of dear living found themselves charged at the old exorbitant rates.

In the evening, the grand boulevards were more crowded than ever as a consequence of the relaxation of the early closing rule. But a downpour of rain and the sudden failure of the electric light in the central districts plunged everybody into gloom. One French soldier, his face the picture of boredom, was addressed by a companion: "You don't seem pleased at all at being demobilized." "No, I didn't think it was going to be so dull," was the reply.

But Paris is regaining slowly its

normal life. March 20 was also the opening day of the first after-war saloon; to be precise, it was the opening day of the Salon du Cercle Artistique et Littéraire, otherwise known as the Salon Volney.

GRAND JURY TO GET DR. SULLIVAN CASE

(By Associated Press)

The Storey county grand jury will be drawn tomorrow by District Judge Langan and a charge of perjury against Dr. J. J. Sullivan as a result of testimony given by him during the Strother will contest will be submitted to it.

District Attorney Ballard said that the Sullivan case will be the only criminal matter that he will present to the jury at its initial session.

England is preparing for a suitable celebration this year of the one hundred and fiftieth anniversary of the birth of the famous artist, Sir Thomas Lawrence.
